Hypnos, the fifth generation, family-run British company, has been manufacturing luxury handmade beds using traditional, time-honoured methods for over 100 years, and is renowned around the world as the expert in making handcrafted deep pocket spring beds. Combining traditional skills with constant innovation, and using only the finest natural materials, Hypnos has a reputation for making not only the most comfortable beds in the world, but also the most stunning and beautiful bedroom centrepieces.

Hypnos places the elements of quality, comfort and detailed hand tailoring above all else, with each bed and each headboard individually made to order and upholstered by master craftsmen. A Royal Warrant from Her Majesty Queen Elizabeth II reinforces Hypnos’s reputation for service excellence and the very best of British quality.
Recognising that everyone has personal design and style preferences, the Hypnos Headboard Collection enables beds to be tailored to the individual and to their interior bedroom decor.

A beautifully upholstered headboard provides a bold ‘silhouetted’ statement to frame your bed, creating a stunning focal point and finishing touch to both the bed and the bedroom.

Whether you are looking to simply add a new headboard to your existing bed to create a luxurious new look, or you are choosing a new bed and recognise the beauty of covering the headboard and divan in the same fabric for a truly stunning look, Hypnos can provide the perfect solution.
